Counseling and Workshops

An important program with HFLW and its students is our Counseling and Workshops.

HFLW has a counselor on staff who meets with the family and student upon enrollment with our education program. The role of the counselor is to give an understanding of all the requirements of our programs, including the responsibilities and accountabilities of the students and their parents/guardians. We believe that success is better measured when we know and understand the role we all play.

Each term break, 3 times a year, each student is required to meet with our counselor to discuss any issues or problems that they may be having with school, friends or family. Meeting with the counselor lends a safe and non-judgmental place to share their grievances. Counseling involves guidance, and encouragement in a positive direction. When the student feels confident in themselves they can achieve so much more. We believe that when a person feels good about themselves they produce good results!

Our counselor holds workshops that talk about many of those subjects that parents/guardians seem to have a hard time discussing. Workshops may be about boy/girl problems, sex education, self-worth issues and building confidence. At the end of the year we welcome our counselor to our Career Day Event where she holds a special afternoon with questions and answers allowing the kids to be totally candid!

All our children from the smallest at the age of 4 to the oldest at 24 they all meet with our counselor to make sure that they are healthy and happy!

Virginia Wangui – HFLW Student Counselor
