

Education Fund

What is the Education Fund and what is its purpose?

The education fund offsets the student's needs.

Even though several of our students are sponsored there are other obligations that need to be met. Sponsors pay for school fees, but other items that assist with the education of the student can be and are not limited to:

- Books and Supplies
- 2 Sets of uniforms with socks and shoes, gym outfit
- A Bookbag
- School trips and extracurricular activities
- Medical needs
- Transportation to and from school
- Boarding school supplies such as soaps, sanitary pads, toothpaste etc.
- Lunch or snack programs that a few schools do not offer

Parents and guardians will help the best they can when necessary, but the overall obligation falls on HFLW shoulders. For our students to be successful they must go to school with no worries. The education fund cares for these differences in their needs.

The education fund pays for school fees for a student that has not been sponsored yet, although we feel they need to be placed in our program immediately because of emergency situations. Every now and then a sponsor must discontinue their obligation to their child and the education fund picks up the slack. Once our student is enrolled in our program they will be cared for. There are 3 reasons why a student will be asked to leave the program, and this will be after all measures have been utilized to assist the family and child.

1. If a student begins to miss school consistently and often for no other reason than they just do not want to go to school anymore, their grades fall, and they have no interest in continuing.
2. If the student decides to marry and begin having children, or the girl becomes pregnant breaking the rules and guidelines set before them when they entered the program.
3. Or the parents/guardians have disrespected and not carried out the responsibilities and accountabilities that they are asked to participate in with HFLW and their child's education.

HFLW has a 96% success rate with our students and the program. We began with 7 high school students in 2007/08 and we now have students of all ages that are sponsored by individuals such as yourself. Our students to date and growing are 79, with 91 waiting to be sponsored!

Those students with our program that have graduated from high school have gone on to University, trade schools and employment. Some have businesses of their own and are taking care of themselves and their families. Others have families of their own. Our role in their lives has been to guide, nurture, and give them the direction they need to lead a successful life and not just for a little while, but for a lifetime! We will always play a role in their lives if they choose to have us!

If you do not feel that sponsoring a child is something you want to do but you still want to help, donate to the Education Fund and let us take on the responsibility for you! Your donation is an investment that will go a long way! Go to our DONATE Page and click on the donate button. You will be taken to the online donation form or send a check regular mail. We accept Visa, MC, or use PayPal. Or you can Fundraise!

Thank you!
